QUALITY SERVICES TO MEET YOUR EXPECTATIONS

We support our clients in building their future successes. We are fully living these “success stories” and we consider that the future challenges of our client-partners are also ours. Together, we build lasting relationships of trust and close collaboration.

We operate in different areas of activity. This allows us today to deploy specific sectoral expertise backed by know-how widely proven in our various businesses.

Accounting

Taxation

Audit

Insurance

Real Estate

Our vision

We want to become the main «map» or «guide» that any current or future entrepreneur in Katanga should consult to solve his organisational and/or management problems in accounting, taxation or law.

Our «PRIE» values

To satisfy our partners, our entire team believes in the following values:

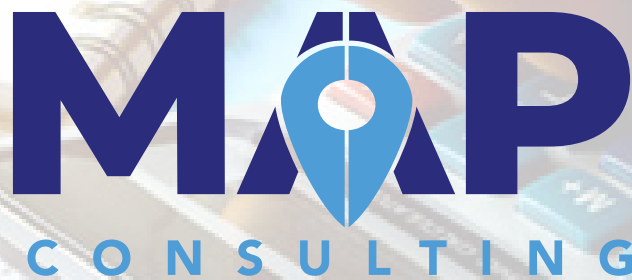

Proactivity - Results - Integrity - Expertise

MAP consulting is a Congolese firm. Our reputation allows us today to attract the best profiles in accounting, consulting and auditing.

MAP Consulting has a multi-skilled team of dynamic, competent and fully committed to the firm's various activities.

The first meeting with our clients is always free. It will allow us to take an overview, to get to know you and to discuss your vision, objectives and needs in terms of accounting, financial, tax or organisational advice. Do not hesitate to contact us!

OUR REGIONAL PRESENCE

LUBUMBASHI - LIKASI - KOLWEZI

MAP Consulting has a strong presence in the region Katanga and intends to expand throughout the country. MAP Consulting favours an approach that favours detailed knowledge of the territories and local problems in order to offer solutions adapted to the different markets.
