Project Management

www.farasigroup.com

Having a physical presence on the ground / on site is not always a requirement !

Here is the most efficient “Business Process Outsourcing (BPO) solution” to roll out your project across DRC.

CORE PROJECTS CATEGORIES

CATEGORY #1

**Import/Export,
Sales &
Distribution**

CATEGORY #2

**Electrical &
Civil
Engineering**

CATEGORY #3

**Agriculture
&
Non-profit**

Procedure

1

On boarding

Share both **your KYC details and your project's scope of work or brief** with us.

2

Your Team

We have **certified PMP®** professionals already onboard.

If the scope is more technical, we hire **consultants** with the desired expertise to join us onboard.

3

Management

We create a “**Steering committee**” for each project handed over to us.

You attend to the steering committee's meetings as the **chair person**.

4

Reporting

You have **real time overview** on the project's roll out.

We **deal with** every single issues faced on the ground and **escalate** to you those that are out of our reach.

5

Compensation

We offer a **competitive cost structure** based on “**man per hour**” framework.
