KOREDO INVESTMENTS LIMITED

WHO
ARE WE...

Koredo Investments Limited is a Zambian private Limited company registered under PACRA registration No. 99477 on the 7th day of February, 2012 to trade in engineering, materials, services, consumer products and chemicals. The company has operations in all the provinces of Zambia.

Koredo Investments Limited name has been respected in Zambia for more than 3 years for its adherence to strong values and business ethics. The company has always believed in returning wealth to the society they serve. Anchored in Zambian and wedded to traditional values and strong ethics, Koredo Investments Limited is building multinational businesses that will achieve growth through excellence and innovation, while balancing the interests of shareholders, employees and civil society.

You can be sure that you are entering into partnership with a supplier that can truly meet the requirements of your business. We pride ourselves on the superior quality of our services and products and where possible, we will identify your purchases of consumable items that you purchase within your business and save you money without losing quality.

Vision

Diversity enriches any large organization and enhances its collective capabilities. A clear, shared vision is a key requisite for successful diversity management. Our vision is to be the country's benchmark for value creation and corporate citizenship. We will achieve our vision through:

Our People

By fostering teamwork, nurturing talent, enhancing leadership capability and acting with pace, pride and passion. Our Offer by becoming the supplier of choice, delivering premium products and services and creating value for our customers.

Our Innovative Approach by developing leading edge solutions in technology, processes and products

Our Conduct

By providing a safe workplace, respecting the environment, caring for our communities and demonstrating high ethical standards.

KOREDO INVESTMENTS LIMITED

WHO
ARE WE...

Ethics

Ethical behaviour is intrinsic to the way Koredo conducts business and it is part of the company's legacy from the Founders, who believed that business must operate in a way that respects the rights of all its stakeholders and creates an overall benefit for society.

Koredo Investments Limited has built an enviable corporate reputation founded on ethical and transparent principles. It believes in adopting the best practices in terms of corporate governance that have continued to evolve over the years. Integrity, transparency and accountability are integral to the way the company conducts its business in every sphere. Koredo Investments Limited is proud of the longstanding respect it has earned as a fair and caring employer, and respects all human rights both within and outside the workplace.

The Koredo ethos, Company vision and goals serve as guiding philosophies for Koredo Investments Limited, with the Koredo Code of Conduct acting as its ethical roadmap.

Code of Conduct

The values and principles, which have Governed Koredo's business since inception, have been deployed through the implementation of the Koredo Code of Conduct (KCC, often referred to as the 'Code'), which was first formally articulated in 2012.

This was intended to serve as a guide to each employee on the values, ethics and business principles expected of him or her in personal and professional conduct. In the context of Koredo's increasing global presence the Koredo Code of Conduct has been reviewed to accommodate required and appropriate modifications. This has ensured that diverse cultural and business related issues are addressed universally across the company.

The business ethos of the Koredo Code of Conduct is deployed through a specially formulated structure - which is based on the following pillars:

KOREDO INVESTMENTS LIMITED

Communication
& Awareness

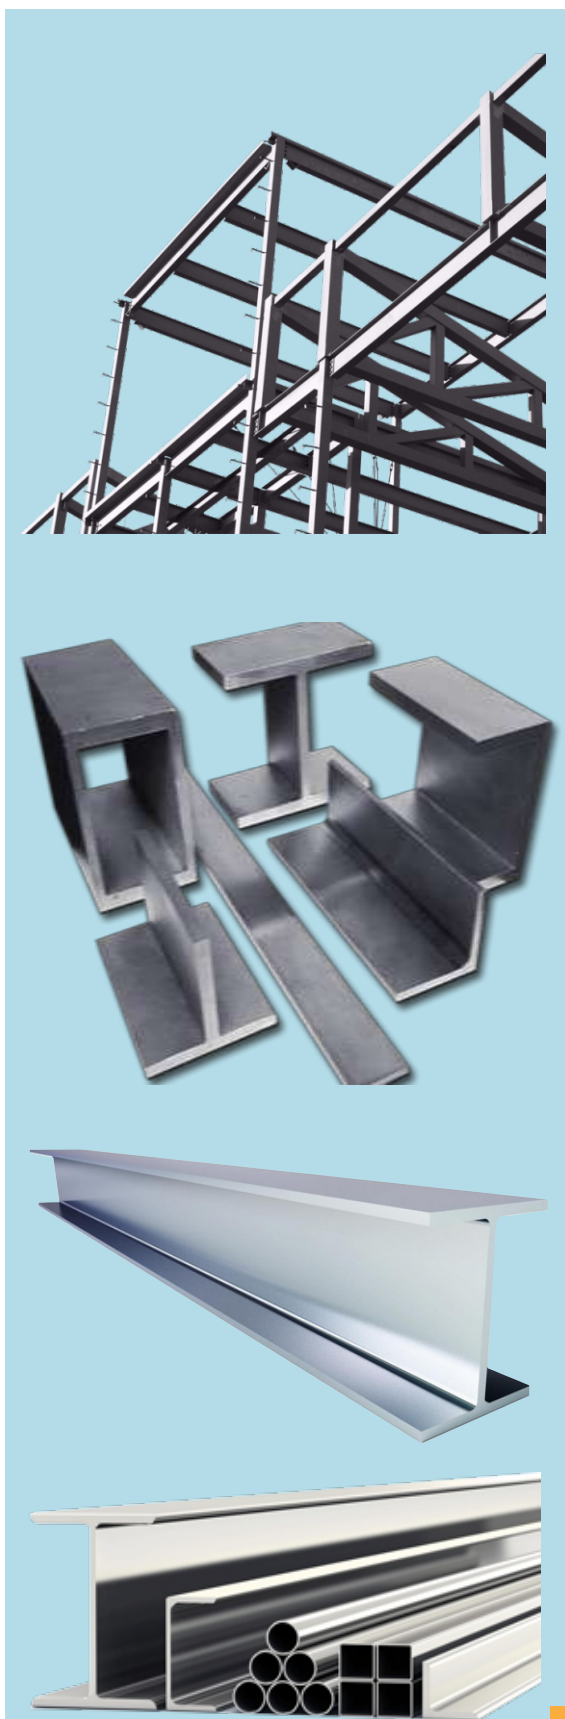

.....
Compliance Structure

Communication And Awareness

Compliance to the Code is a condition of service for all employees and is also a prerequisite for service for suppliers, contractors and vendors, who must agree to respect it. Employee seminars, compliance training and ethics awareness workshops are conducted at frequent intervals.

Compliance Structure

A number of systems and processes based on zero tolerance have been put into place to ensure that governance standards are met. These include Gift Policy, Whistle Blower Policy, Vendors Whistle Blower Policy, Sexual Harassment Prevention and Redressal Guidelines.

Koredo Investments Limited offers a comprehensive range of structural steel products. Koredo Investments Limited Zambia's product portfolio in this segment includes Advance Sections, Hollow Sections, and Plates. The Koredo Investments Limited structural steel products continue to deliver in an industry where speed of construction and cost are critical factors.

ELECTRICAL STEELS

Electrical Steels play a vital role in the generation, transmission, distribution, and use of power as their high magnetic permeability and low iron core losses are forged on the molecular level. Electrical steel properties are achieved by processing extremely pure steel through hot rolling, cold rolling, and annealing. Koredo Investments Limited supplies electrical steels that are ideal for high efficiency transformers, generators, motors, ballasts and small transformers. The superior quality goes a long way in making a positive difference to the efficiency of power generation, transmission and distribution.

Koredo Investments Limited has unveiled a range of sophisticated new electrical steel products which reduce electricity losses by 20 to 30% compared with conventional grain-oriented grades. Sections Steel Koredo Investments Limited Products range includes structural sections that offer a comprehensive range of sizes. This applies to all the sections manufactured for the African market, including beams, columns, channels, angles, and bearing piles. A world-wide network of partners sales offices offer customers the technical and project skills required throughout the supply chain, with emphasis on end user or project supply.

SPECIAL PROFILES

Koredo Investments Limited Special Profiles are recognised as a preferred choice to many industries including earthmoving, construction, lifting & excavating, and transportation. Designers and engineers recognise the benefits of using a custom designed steel profile for manufacturing components. Koredo Investments Limited product range includes both "reserved profiles", which have been designed for individual customer requirements, as well as "open roll" profiles, which are available to all customers.

PRODUCTS AND SERVICES

»» Rail Steel, Wires, Wire Mesh

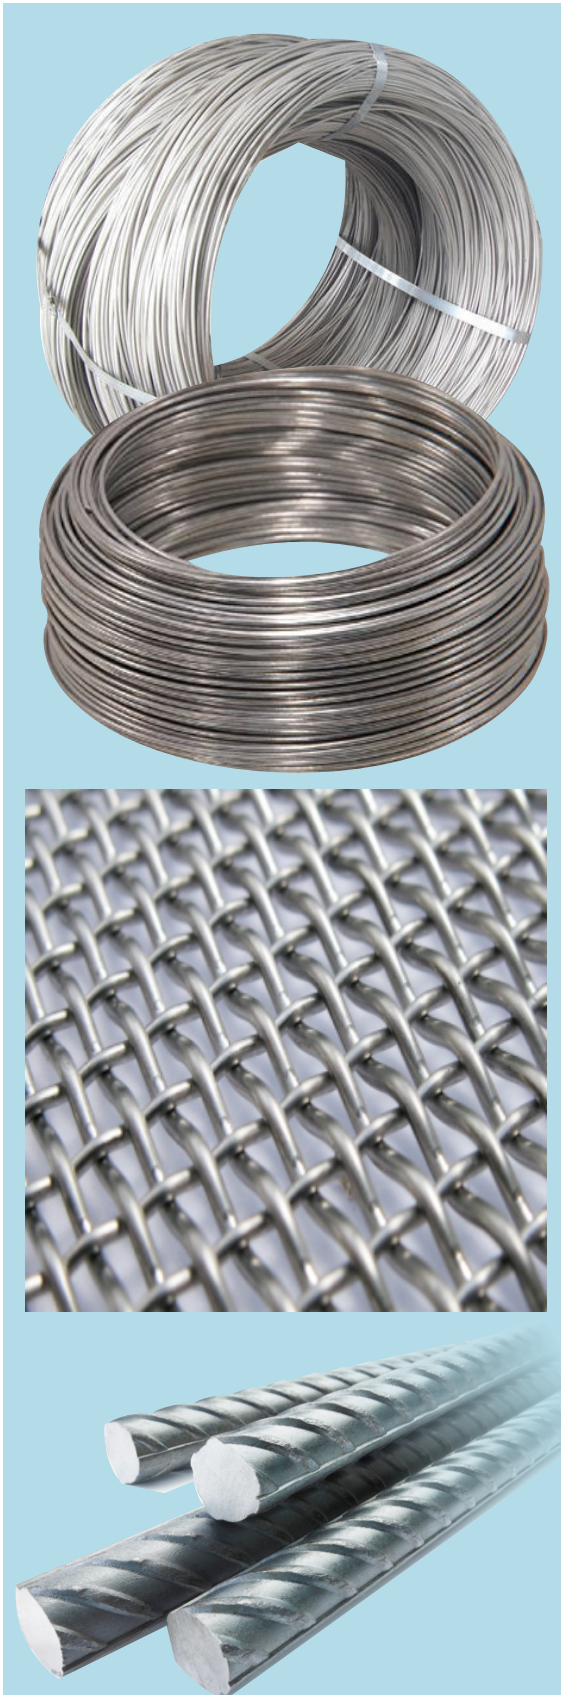

Koredo Investments Limited has the advantage of both metallurgical expertise and rail industry knowledge to supply finished steel products that directly address industry requirements.

As a responsible supplier to the rail transport sector, Koredo Investments Limited aims to provide products which will make the rail infrastructure sustainable.

Koredo Investments Limited supplies specially designed, high-performance rail products, along with a host of other structural steel components to support all rail sector construction and engineering projects. The product range in this segment includes Flat Bottomed 'Vignole' Rail, Grooved Rail, Silent Rail Systems, Steel Sleepers and Crane Rail.

➤➤ Rail Steel, Wires, Wire Mesh, Steel & Bars, Plates, Rebars

Wires

Koredo Investments Limited supplies products that adhere to strict quality parameters and are ISO certified.

Wire Mesh

The quality of Koredo Investments Limited wire mesh range is assured by comprehensive testing procedures to verify stringent criteria such as segregation, steel cleanliness, scale, surface quality, decarburization, chemical composition, size, shape, and tensile strength properties.

Specialty Steels and Bar

Specialty Steels Business of Koredo Investments is focused on offering carbon, alloy and stainless steels designed to meet the needs of some of the world's most demanding applications in. The business is able to supply a wide range of engineering steel types in a variety of sizes and product combinations. The range includes Alloy Steels, Stainless Steels, Machining steels, and Micro-alloyed Steels.

Plates

Edo Investments Limited supplies one of the world's widest ranges of plate products to a large number of markets. These include lifting and excavating, energy and power, mining and construction. The product benefits include reduced inventory, improved yield and faster processing.

Koredo supplies' plate products offer excellent weldability and formability - enabling fast and efficient processing operations.

Rebars

Koredo stocks rebars that are made from pure steel, with the most advanced TMT technology from Tempcore, empowered with the latest technology. It is the only rebar in Zambia to have achieved the 'Superbrand' status. And is available for both residential and project applications. It is a rebar downstream service that presently offers Cut & Bend service aimed at providing customized rebars needed at the construction sites.

KOREDO INVESTMENTS LIMITED

OUR BRANDS

These are some of the main brands of products that Koredo supplies within the engineering, mining and construction sector:

IT EQUIPMENT & OFFICE SUPPLIES

.....

Adding to the list of innovations in products & services from Koreda is ICT equipment and services supplies. We have a variety of ICT products, ranging from desktop computers, laptops, hardware and software, office equipment, stationery to technical support. Safety Horns

We are legally bound and morally obligated to safeguard all employees against any potentially hazardous activity or environment they may or are conducting their work in. It is our legal responsibility to fulfill to our workforce in terms of Health and Safety at any site of operation. This is so that the maximum level of individual and general productivity is achieved without any instance putting the safety of our workers at stake. We ensure the following procedures and system are in place when executing work on site in order to achieve a zero accident rating.

- Appoint a responsible and trained person to supervise his/her colleagues
- Hazard identification and risk assessment
- Medical examination as per section 34 of workers compensation act
- Investigating and recording of incidents
- Safety talks before commencing of work.

ENVIRONMENTAL PROTECTION POLICY AND PROCEDURE

The intention of Koreda Investments Limited from the onset is to ensure maximum environmental protection in the delivery and execution of its tasks. Environmental protection integrity is the base of our management team to pursue sound business technical competence and care of both employee and the environment in which we operate. Our goal is to maintain the highest level of safe practice and environmental control in line with the environmental policies set by Zambia Environmental Management Authority. It is therefore mandatory requirement that Koreda Investments Limited staff at all times comply with the laid down environmental and safety policy set by management with help from our consultants.

QUALITY ASSURANCE

Depending on the nature of work at hand, a quality assurance plan is drawn up. This is so that: Project specifications are not compromised or altered without authorization. Inspection and tests are carried out. The client and the contractor are both on the same page to the agreed upon procedure.
