

TOMI INVESTMENTS LTD

SERVICE AND SOLUTIONS

Specialised in: Transportation / Car Hire & Civil, Mechanical and Electrical Construction

MISSION STATEMENT

Tomi Investments Limited was founded in March 2011 under Registration number: 91134

Responding to rapid changes in the Zambian construction and building industry, Tomi Investments Limited has developed into a full-service construction and Transport company, establishing itself as a leader in the civil works sector.

Tomi Investments Limited operates in Zambia and all over Southern Africa.

OUR MISSION DEFINES WHAT WE SET OUT TO DO EACH DAY:

- To safely deliver any project, in any environment on time and within budget to benefit our customers, shareholders, employees and the communities we serve.
- To develop into a highly profitable and sustainable construction company.
- To be guided by strong executive leadership with the emphasis on consistent quality as a key operational objective, supported by efficient operational, administrative and financial systems and teams

Tomi Investments Limited aims to provide high quality construction solutions by adhering to sound ethical business principles and practices:

- Providing customers with 'value for money' construction and development solutions
- Advance positive social change through social investment
- Incorporating environmental protection issues in corporate and private construction projects.
- Ensure customer satisfaction
- Sound ethical principles
- High quality guaranteed workmanship
- Instill Health & Safety practices
- Responsibility to the environment

HSE POLICY

At Tomi Investments Limited we believe the protection of the environment is an important element of our corporate culture and that no process is so important that we cannot find a safe, healthy and environmentally sound way of carrying out our projects.

When constructing projects in environmentally sensitive areas, such as critical dunes or wetlands, we work with local agencies to ensure strict enforcement of all applicable laws, ordinances, and directives. We routinely segregate construction waste for recycling when applicable on project job sites.

Tomi Investments Limited is committed to providing work places which are safe, healthy and friendly environment where safe working practices are insisted upon.

We want everyone to encourage responsible behavior and to contribute positively to seeking safer and more productive ways to work.

DIRECTORS RESPONSIBILITIES FOR HEALTH & SAFETY

We know that the health and safety culture comes from the top of the company. Our directors are committed to the values and the policies set out in this document. In accordance with this policy, the directors and management endorse the following action points:

- M The directors accept formally and publicly its collective role in providing health and safety leadership for the company
- M The directors require all management functions within the company to be carried out in a manner that reflects the health and safety intentions of this policy statement.
- M The directors accept their role in engaging the active participation of workers in improving health & safety

IT IS OUR POLICY TO PROVIDE:

- M A place of work, systems of work and plant that are safe and do not pose a risk to the health, safety and welfare of our employees, independent contractors, members of associated companies and the general public, so far as it is reasonably practicable to do so.
- M Appropriate information, instruction, training and supervision for all employees.
- M The allocation of sufficient resources to enable the health and safety policy to function effectively.
- M Regular consultation with employees, contractors, environmental health officers and other relevant organizations.
- M Regular assessment of operational performance, incident investigation reports and audit information through a system of management review meetings in order to ensure continual

- M Commitment to ensuring health and safety matters are an integral part of the business.
- M Commitment to complying with statutory requirements, approved codes of practice, recognized guidelines and other relevant industry standards.
- M Commitment to the understanding of changes in working arrangements which have significant implications for Health and Safety
- M Technical guidance and supporting information in order to assist management in developing risk assessments and associated method statements.

OUR SERVICES

A broad-based civil engineering and construction company, Tomi Investments Limited provides a comprehensive range of construction and related services. These are briefly shown below.

TELECOM & FIBRE OPTIC INSTALLATION SERVICES:

Tomi Investments Limited launched in Zambia as a response to the huge demand created by the boom in mobile telecommunication services.

Tomi Investments Limited builds telecom sites from foundation to transmission installation and managed services. By increasingly facilitating network coverage to rural areas, Tomi Investments Limited has played a big part in vastly improving the country's technological infrastructure.

Tomi Investments Limited possesses a strong and highly qualified work force who is experienced in all facets of the industry from:

-
- M Long haul fiber projects t
- M RF and transmission works
- M Asset Management
- M Active and passive network maintenance specialists
- M Turnkey solutions
-
- M Surveys and drawings
- M Subterranean to aerial works
- M Site audits
- M Site builds and decommissioning
- M Network design and implementation
- M Project management
- M Infrastructure solutions
- M Recommissions of mobile base stations

AREAS OF OPERATION:

Tomi Investments Limited operates in:

Zambia
Southern Region

EQUIPMENT:

At Toni, we have our own specialized equipment to carry out Metro and Long Haul fiber projects.

Should the need arise we are well positioned in the market to bring additional equipment into the country.

EARTHWORKS AND PLANT HIRE:

Tomi Investments Limited provides earthworks services and related plant hire, whether in preparation for our own construction projects or as a single service provision to clients.

Clients have included well known Companies in Zambia and the Southern Region,

LAND SURVEYING & TOPOGRAPHY:

Tomi Investments Limited has its own team of qualified surveyors who are fully equipped with total stations, dumpy levels and theodolites.

We have undertaken projects ranging from residential buildings to large scale farms and road surveys.

CIVIL WORKS:

Civil works encompass a large field and as a multi-disciplined construction company, Tomi Investments Limited has many years of experience in the successful execution of earthwork and concrete works. From upgrading parking lots to a concrete pavement, to the construction of various multi-storey office blocks, warehouses, factories, to the erection of portal structure's and the state of the art workshops, to name but a few.

REAL ESTATE & PROPERTY DEVELOPMENT:

Tomi Investments Limited offers the full range of services for real estate development, from earthworks and design to construction, whether it be for

OUR SERVICES

ELECTRICAL INSTALLATIONS:

Tomi Investments Limited provides electrical installations and the maintenance of overhead low-voltage and high-voltage power lines.

Due to the increasing demand for renewable energy, Tomi Investments Limited has invested heavily in this sector and offers a full turnkey service.

Electrical works are predominantly for the private sector.

PROJECT MANAGEMENT:

From budgeting and planning to implementation, we have found that this is an area where many construction companies lack the necessary expertise. Tomi Investments Limited works closely with local companies, providing project management support and advice, thus building and strengthening capacity within a crucial area of the construction business.

DESIGN AND DRAFTING SERVICES:

Tomi Investments Limited produces layout designs and as-built diagrams for clients for a variety of construction projects, from floor-design drafting to road construction.

STAFF:

We believe that our employees provide the most value to the company.

Tomi Investments Limited operates on the team concept

and our many skilled and experienced staff and field team members have established a standard of excellence that is well recognized in the construction industry.

Our office staff include highly trained and experienced business, engineering and technical experts who provide oversight and support for each project.

This team concept is the basis for our hands-on, pro-active approach which helps us to produce the most important results of every job to our client's satisfaction.

VEHICLES, MACHINERY AND EQUIPMENT LEASING:

We have an extensive fleet of machinery and equipment including the following:

- TLB's
- Bulldozers
- Excavators
- Graders and Rollers
- Low Bed trucks
- Crew Trucks / Small Tippers
- Crane Trucks
- Transit Mixers
- Concrete Batching Plant
- Crushing plant
- Comprehensive range of small plant

We lease Vehicles, Plant, and machinery, Please note that if we do not currently have the equipment that is required for your project, we will hire it for the duration of that project at discounted prices and these savings are passed on to the customer. Equipment is available for hire subject to availability. Please contact us with your requirements.

It is the combination of these capital resources and our valuable human resources that enables us to deliver a successfully completed project on budget and on time.

ANNEX: LICENSE CONDITIONS

1. **Interpretation**

In these license conditions unless the context otherwise requires-
'Act' means the Information and Communication Technologies of 2009
'Authority' means the Zambia Information and Communication Technology Authority established under section 4 of the Act.
'Harmful Interference' has the meaning assigned to it in the Act
2. **Operation of Radio station**

A licensee shall only operate a Radio station for the sole purpose of receiving and/ or transmitting messages and shall only communicate with such stations as authorized by the Authority.
3. **Approval for Erection of Stations**

A licensee shall before installation or construction of a radio station-

 - 3.1. Seek approval from the Authority and other relevant institutions; and
 - 3.2. Be subject to such further restrictions and conditions as other Laws currently in force in Zambia may impose.
4. **License Duration**

The radio license shall be valid for a period of the duration of the licence from the date of issue, unless cancelled or revoked.
5. **License Renewal.**
 - 5.1. A licensee shall apply for renewal of the radio Licence at least three (3) months before date of expiry. The Licence shall only be renewed upon the payment of prescribed fees where applicable.
 - 5.2. Where the Licensee does not intend to renew the license, the licensee shall notify the Authority in writing at least three (3) prior to expiration of the license.
6. **License Expiry and use of frequency**

Any use of the frequencies after date of expiry is illegal
7. **License not transferable**

A Radio license shall not be bought, sold, leased, mortgaged or charged, or in any manner assigned, demised or encumbered.
8. **Compliance**
 - 8.1. A licensee shall comply with the provisions of the Information and Communication Technologies (ICT) Act No. 15 of 2009 and other laws of the republic of Zambia
 - 8.2. The licensee shall comply with regulations, rules and guidelines issued under the ICT Act
 - 8.3. The Licensee shall fully comply with the requirements of the Civil Aviation Authority, Zambia Environment Management Agency (ZEMA), Local council and any other applicable Authority with regard to all aspects of the transmission masts or towers.
9. **Exclusivity**

The allocation or assignment of the frequency or frequencies shall not be construed as conferring an exclusive right in respect of such frequency or frequencies
10. **License suspension or cancellation**

The radio license may be cancelled, suspended or revoked where the licensee fail to operate within the provisions of the Act, Regulations or of these terms or conditions of the radio license.
11. **License Withdraw**

A licensee shall within six (6) months from the date of issue of the license commence operations in default of which the license shall lapse.
12. **Harmful Interference**

A licensee shall not operate any radio equipment that causes undue interference to other existing radio services. The Authority shall where there is undue interference immediately shut down the radio station.
13. **Equipment Operation and Labelling**

A licensee shall clearly label its equipment and antennas in the manner and form as prescribed by the Authority.
14. **Amendment of Licence**
 - 14.1. The Authority may modify or amend the licence where the Authority determines that such amendment or modification is necessary to achieve the objectives of the Act.
 - 14.2. The licence shall be modified or amended in line with the provision of the Act.
15. **Type Approval of Equipment**

A licensee shall ensure that all radio equipment and devices used under this license is type approved by the Authority and complies with all approved industrial standards.
16. **Inspection**

The Authority shall in accordance with the provision of the ICT Act carry out inspections of equipment; and perform any measurements for the purpose of assessing its performance or to ensure that the equipment is being used in accordance with the Terms of this Licence, Act , Regulations or Guidelines issued by the Authority.
17. **Network Information**

A licensee shall provide the Authority with an up to date information about a network which shall include equipment make, model, serial number and physical location every six (6) months
