We supply all types of machinery, equipment and materials for construction, infrastructure, production and manufacturing, mining, transportation, healthcare, energy, municipal, industrial and many more sectors.

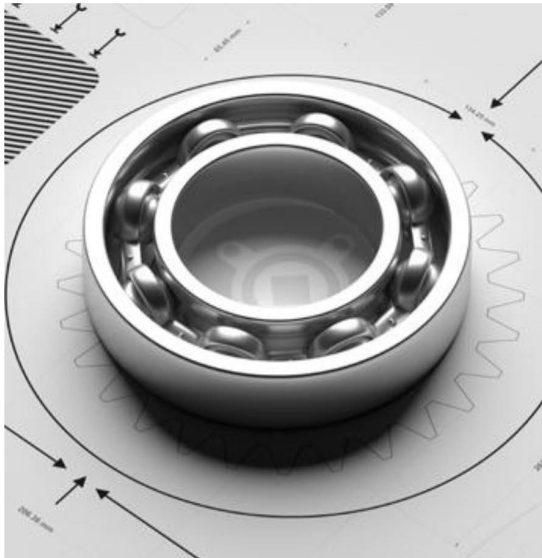

## 6) Bearings

Bearings are one of the most commonly used machine parts because their rolling motion makes almost all movements easier and they help reduce friction.

Bearings have two key functions:

**They transfer motion**, i.e. they support and guide components which turn relative to one another

**They transmit forces**

Detlaxe supplies a wide range of bearings from different brands such as:

## 7) Seals

Seals are used to prevent the leakage of fluids in rotating equipment. A seal prevents lubricants, such as oil and grease, from entering the environment and (dirty) water from entering the installation.

In general, there are two different types of seals:

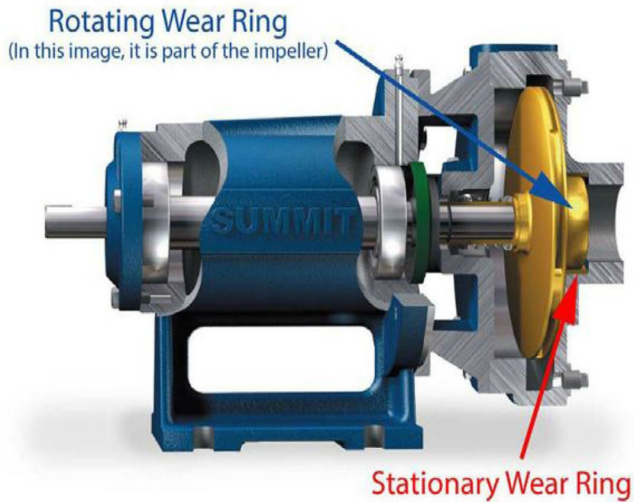

**Static seals**, these do not move in relation to each other

**Dynamic seals**, these move past each other.

## 8) Wear Rings

The function of the wear ring is to help keep the piston centered, which allows for even wear and pressure distribution on the seals. We supply all types of wear rings for engine piston, pumps and pumps.

## Wear Ring Cut Styles

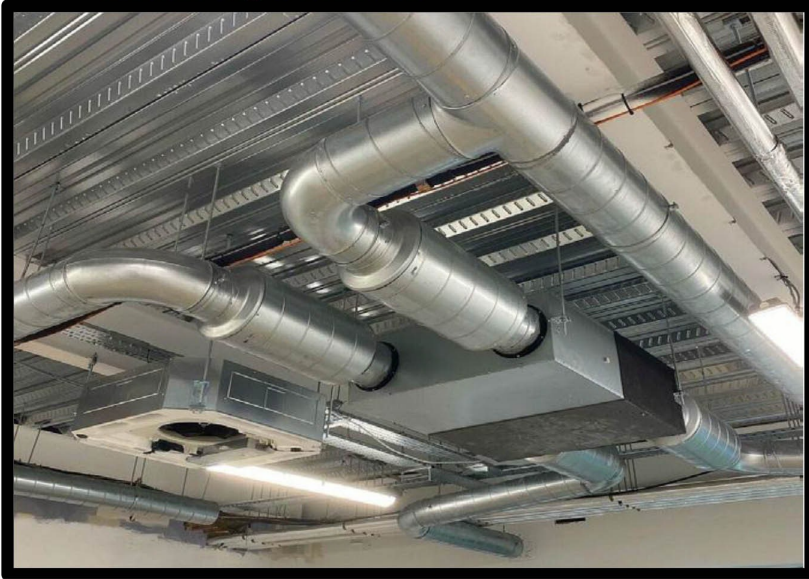

Style	Advantages	Installation	Performance
<p><b>Butt Cut</b></p>	Easiest cut style to install in many applications.	<p>Easy                      More Complex</p>	<p>Good                      Best</p>
<p><b>Angle Cut</b></p>	Improves bearing stress at the gap.	<p>Easy                      More Complex</p>	<p>Good                      Best</p>
<p><b>Step Cut</b></p>	Improves bearing stress at gap. Better resistance to contaminants & spike loads.	<p>Easy                      More Complex</p>	<p>Good                      Best</p>

3/16th Cross-section is not available in Step Cut style.

## 9) Ventilation

Ventilation can be accomplished by natural means (e.g opening the window) or mechanical means (e.g fans or blowers). Industrial systems are designed to move out and bring in a specific amount of air at a specific speed which results in the removal of undesirable contaminants. We supply three main types of industrial ventilation such as;

However, whenever we have a work overload, we sub-contract our allies, who share the same high-quality values as us. In so doing, it enables us complete works of the highest quality possible, in a reasonable time frame.

### **3.0. HEALTH, SAFETY, ENVIRONMENT & QUALITY POLICY**

At Magmore Enterprises Zambia Limited, we are committed to Health, Safety & Environment and quality service and HSEQ are integral to the way we do business. We recognize communities, employees, business partners, suppliers and customers as stakeholders. We are committed to continual improvement in our performance.

We commit to zero harm to people, environment and property, efficient and total customer satisfaction and improved value for our shareholders. Our management system is consistent with international and organisational standards, legislation and other relevant requirements. We undertake to ensure that our management system is developed, documented, implemented and maintained in a manner that is both understood and effective at all levels in our business, to enable us to:

- Identify, assess and manage risks to our employees, clients employees and the environment;
- Commit to achieving leading industry practice and recognition;
- Meet and where appropriate, exceed applicable legislation;
- Lead and develop our people and provide resources to achieve our targets;
- Support the fundamental human rights of employees and safeguard them from exposure to unacceptable risk.

### **4.0. CUSTOMER SERVICE AND MARKET RESPONSE**

We believe that what keeps the business running is not the money gained, but the relationships made with clients and vendors. Because of this, we at all times, try to keep good communication, build and maintain strong relationships, and proactive reporting approaches.

As we handle our clients work, should there be any delays or changes, we ensure that it is effectively communicated to them. We additionally, have afterhours contact numbers that our clients can call for enquiry.

### **5.0. WORKING WITH INDUSTRY AND OTHERS**

#### **5.1. Corporate Social Responsibility**

We have seen it cardinal in giving some of the company's profits back to the community. Therefore we have decided to reach out to the community through charity and community focused organizations, by investing in the projects they have that is aimed at the vulnerable and less privileged in their communities, offering financial support and donating items.
